---

This bibliography aims to recognize the scholarly activity and provide ease of access to journal articles, meeting abstracts, book chapters, books and other works published by Henry Ford Health System personnel. There are **1,443 unique citations** listed this year, with 115 articles, 16 conference abstracts, and 12 book chapters on COVID-19. Articles are listed first, followed by [conference abstracts](#), [books and book chapters](#), and [publications on COVID-19](#). Because of various limitations, this does not represent an exhaustive list of all works by Henry Ford Health System authors.
